OBJECTIVE

I'm a computer science student with a passion for coding. I'm seeking opportunities to apply my skills and contribute to a company's success. Eager to learn and grow, I'm excited about exploring new technologies. I am looking forward to making a positive impact on a company. Let's build something great Together.

EDUCATION

MCA (Master Of Computer Application) <i>Savitribai Phule Pune University</i> <i>CGPA : persuing</i>	Pune 2024-2026
BSC (Batchler Of Computer Science) <i>Savitribai Phule Pune University</i> <i>CGPA : 8.27</i>	Nashik 2021-2024
HSC (Maharashtra State Board) <i>Percentage : 75.33 %</i>	2020-2021
SSC (Maharashtra State Board) <i>Percentage : 79 %</i>	2018-2019

TECHNICAL SKILLS

Languages : Java, Python
Backend : Spring-Boot, Flask
Frontend : HTML, CSS, JavaScript, React
Database : MySQL, MongoDB
Other Skills : Version Control System (Git & Github)

ACADEMICS PROJECTS

Increda Bills

Java (Swing, AWT), MySQL

The Increda bills is a software application developed using java for design an user interfaces and used MySql database for storing the data and handle it by doing various operations. This application is designed to generate bills for various purposes, such as invoicing customers, tracking expenses and managing financial transactions. The system allows user to input relevant data, such as customer details and items purchased and generates accurate bills based on the provided information.

Collaborative Whiteboard – micotalk

HTML, CSS, Javascript, NodeJs

Developed a real-time web-based whiteboard platform enabling one user and one guest per session to collaborate synchronously. Features include drawing, annotations, sticky notes, undo/redo, export options, and secure session-based authentication. Built using modern web technologies with a Java backend for efficient data handling and real-time interaction.

CERTIFICATIONS

- Programming In Java – Swayam NPTEL with **81% score**
- Preplnsta Git Certification
- Preplnsta Github Certification
- Python fundamentals – Great Learning

ACHIEVEMENTS

- Participation in CSI (Computer Society Of India)
- Coding competition at college level

INTERNSHIP

ERP Development – Internship at JSPM JSCOE, Hadapsar, Pune

Date: September 2025 – Present

Currently working on the Internship and Placement Management Module as part of the college's ERP system. The module is being developed using **React.js (frontend)** and **Spring Boot (backend)** with **PostgreSQL** as the database.

My responsibilities include:

- Building interfaces for managing **internship records, placement details, and company data**.
- Integrating **REST APIs** for adding, editing, and managing student internship/placement information.
- Ensuring smooth **communication between frontend and backend** and resolving API issues.
